

According to the Bill of Rights, Article the Third, The First Amendment, **Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.**

For what you are saying you are taking away our rights. It is not right for you to do that. We understand that we cannot offend nor do things disrespectful but you are not allowed to stop us from preaching the word of God. We have a freedom of speech and freedom of religion. We all have a say. I say that you stop whatever your thinking about doing and think. **K-love** just wants to send a positive message for those who are hurt or are feeling depressed. They save the soul of many people around the world. All they want to do is send positive messages and help. We have rights.

We also shouldn't have to pay extra for what we want to be heard. Like I said before we have freedom of speech. The radio was created for music of all kinds and for talk shows. Many people enjoy this radio stations and many other Christian stations. Don't do this, stop. What will we have to listen to now if it's taken away?
